The Crystal River Part 15 "Take Heart"

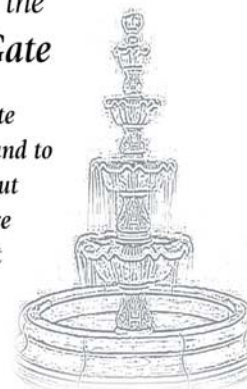

The information I have been given to write in this article, in my opinion, is the most intriguing, the most important, and the most informative I have been entrusted to put into print. It is important for you to remember that my personal assignment is to emphasize that the Kingdom of Heaven in God's Plan is experienced individually as an 'inside' relationship. The Kingdom of Heaven is 'spiritual' which means that it is of 'another' dimension that had been identified for us as the fourth or quantum dimension. The fourth dimension is not up in heaven; it is not in another geographical place, it is in your circumcised heart and in your mouth (Moses Second Law, Deut. 30: 6, 11, 15).

Jesus Christ came 'only' to "the lost sheep of Israel." Who is Israel? ISRAEL is any and every person who has been circumcised in the heart (in the spirit, by The Spirit); Who has understood that the spiritual birth is into a life of 'Covenant Promise'; that your destined end is to be part of the 'Adoption' defined in Romans eight as mature Sons who meet the criteria of Colossians 2; "circumcised... without hands, in putting off the body of the sins of the flesh by the circumcision of Christ, buried with Him in baptism wherein also you are risen with Him through the faith of the operation of God who hath raised Him from the dead...."

OF COURSE! Modern geographical Israel does not meet the Bible criteria as Israel. Because of the scattering and intermarriage of true Israel with the gentile goyim, we are forced to go back to the personal nature changing experience of Jacob/Israel to discover our personal identity, to see if we qualify for the name Israel. Our Father's covenant commitment to the Priesthood of Israel is trustworthy and unconditional.

Water from the Fountain Gate

"I went to the gate of the Fountain and to the Kings Pool; but there was no place for the Beast that was under me."
Nehemiah 2:14

Spiritual Implication:

At the Kings Pool (Barakah; blessing) there is no place for blessing the beastly, carnal nature. You must leave your beast.

These words are for the edification of the Spiritual Body.

"A Slice of The Half That Has Never Been Told "

LET US BEGIN THIS TREATISE BY IDENTIFYING SOME THINGS THAT IN THE FULLNESS OF TIME WE NOW KNOW, THAT WERE HIDDEN FOR AGES AND GENERATIONS FROM OUR ANCESTORS. I will endeavor to show the progressive nature of the history of the unfolding of God's Plan for His Life in man and His Covenant Union Life as man. God created man to be the mirror image of Himself. A mirror image requires a righteous face-to-face relationship. There is only one source of Spirit Life in the universe. Our Creator Father PROGRAMMED INTO MAN'S HEART His Creative Power and Ubiquitous Presence. It is the Father IN YOU Who does the work. **"For it is God which worketh in you both to will and to do His good pleasure"** (Phillippians 2:13). **"Fear not, little flock; for it is the Father's good pleasure to give you the Kingdom"** (Luke 12:32). This is a slice of the half that has never been known to man.

◇ The Separated Duality of the Left-Brain and Right-Brain ◇

In Crystal River #14, we drew from Dr. Jill Bolte Taylor's book "My Stroke Of Insight" to identify the functional role of our educated left-brain. We learned from her experience that the left-brain is the functional Ego controlled personality center. In her miraculous recovery from her stroke, Dr. Taylor found that the right side of our brain gives us our encrypted

individuality in Unity with God's Creative Life. Dr. Taylor's experience revealed that the Kingdom of Peace was the natural or autonomic function of the right-brain, which by natural genetic birth is subservient to the left-brain. I want to EMPHASIZE that Jill Bolte Taylor did not have to learn, nor develop, nor exercise, the sense of Peace and oneness with God and His Universe; it was already her conscious awareness in the right-brain, but God's Peace had been blocked due to her dominant, educated, competitive left-brain. I want you to discover for yourself the distinction between your personality and your individuality. They represent the two separated operational sides of your brain. Your personality is the expression of your human, culturally educated left-brain, trained to compete in this realm of opposition. Jesus taught that we are in this world of conflict; but we are not of it. Our right-brain individuality is pre-designed and programmed to function as God's 'Spiritual Promised Land' by being entrained to God's Creative Presence and Peace, which is already in our heart. Our physical body was actually created by God's designed Kingdom Blueprint in our heart. All the functioning organs and systems in our body were patterned by our individual heart rate frequency to express the Plan of God for Peace and Harmony.

We learn from scripture, confirmed now by science, that the left-brain was designed to be the translator (or priest) for our heart through the right-brain to the world. Our heart was reduced to a servant role by inherited separation genetics. When mankind lost the consciousness of God's Presence in his heart, he elevated the personal human ego to be the ruler of his life by the left-brain. Man elevated the self above the feminine right-brain. (The Kingdom of God can only operate where there is unified Oneness.) The Gospels report that it is God's Plan to remove, by the cross of Christ, the counterfeit son of perdition ego. When we replace the ego with Christ as Lord in the left-brain of our human consciousness, the physical body is restored to God's Peace and His Government. Then we can sing; When peace, like a river attended my soul, whatever my lot, I joyfully sing: It is well with my soul.

◇ **King David was a man after God's own heart.** ◇

God's Heart is a spiritual Heart. What does it mean to be circumcised in the heart? It means: "The revealed awakening that in Christ we have been released from the limits of carnal flesh." We are Ubiquitous Spirit, having in Christ the ability to be everywhere all at the same time.

◇ **ENTRAINMENT: What Is It, and How Does It Work?** ◇

Entrainment is the mysterious effect of synchronization. As an example, entrainment happens when a group of women that live in the same life style and domicile develop the same menstrual cycle; or another example occurs where there is a room filled with pendulum clocks, all started at different intervals, and within a short time the clocks mysteriously begin to swing in the same rhythm. This is entrainment. **The mystery of God's Plan is that the creative intelligence in the Heart was designed to ENTRAIN with the right-brain.**

IN CHRIST, AS PRIEST...

WE ARE EQUIPPED TO EXPRESS THE ENTRAINED LIFE SPIRIT

In the biblical story recorded in Ezekiel 37, there is represented a future Kingdom which has not yet existed and cannot exist until it is fulfilled in us personally. In this story, the Prophet was to take two sticks in his hand: one represented the tribes of Judah, and the other represented the tribes of Joseph/Israel. (We're interpreting this as a story so that we personally can understand the division between our right-brain and our left-brain. I feel that it is important to be able to personalize these stories.) In the Prophet's hand, the two sticks were to become ONE. In my view, a separated Judah and Israel are the revealed consequence of man's inability to unify his own soul and spirit, or his own male and female duality. Correction begins at the House of God. **"They two shall be one flesh."** The consciousness of God's Presence within His people requires each individual to experience Him as their life. Can you hear Jesus saying that the Kingdom of Heaven is in your hand of responsibility?

<> The Kingdom of Heaven is already settled and established within every person's Heart, and is a creative Potential of your mouth. However; God's Kingdom is a Kingdom of Peace and Harmony, which is generated by the unique frequencies of your Heart. The words of your mouth are the function of the left-brain. Life and death, blessings and cursings, are in your mouth. Language is an exclusive left-brain operation. The right-brain is entrained to God's Kingdom, which is in the Heart; it has no voice. Language gives form to that which is Spirit; i.e. "God said...." Allow us to uncover a hidden mystery: There is no direct transfer of language from the Heart to the mouth except through the female RNA of the right-brain. The right-brain is totally dependent on the language of the left-brain for the mouth to create on Earth the Kingdom of Heaven, which already exists in your Heart. <>

Jesus said that we (individually) are in this natural physical world, but we are not of it. Our thesis is developed from that short statement of fact. His revelation words come into perspective when we learn that our physical sensual presence operates in the three dimensional cosmos of height, breadth and width, which is administered by our fractal left-brain, while our right-brain's spiritual depth connection is with the Father in the fourth depth dimension of our Quantum heart (*Depth*, Eph. 3:18; "mystery"). The depth in Eph. 3, introduces the realm (within) of invisible spirit life below the atomic cellular life.

Our Father, the Creator, designed the three dimensional visible world to function as the competitive dynamic of opposite forces. This visible realm requires the forces of opposites to give it form. A few examples of opposing forces are: the Sun creating a lifting energy to resist gravity; positive and negative; good and evil; light and darkness; peace and war; love and hate; etc. All of these are opposing competitive energies. Without these, life has no form. In this three dimensional world, if there is a heaven it presupposes that there is a hell. That is reality of this world we are in; but we are not of this world.

The human dynamic of this struggle was portrayed by Cain and Abel; Ishmael and Isaac; Esau and Jacob. The three dimensional realm is where the spirit wave energy is translated

into particle visibility. We live our visible life in this dimension. But, remember that the mind of Christ (which knoweth all things) said that we are not of the cosmos of tribulation. Our Spiritual assignment in this world is to super-impose the invisible Power of the Peace of the fourth Quantum Dimension Kingdom upon the third realm and bring the invisible dynamic of the resurrected Christ into visibility. Romans eight tells us that the entire creation is anticipating the appearance of the Sons of immortality.

We have been cleared for lift off....

Dr. Caroline Leaf, another brain scientist, unveils in her book "Who Switched Off My Brain?" that it was the divine intelligence in our heart that designed and built this marvelous temple we live in. The brain she is referring to in her book is the brain in our heart, which is still there, still ingenious, but silenced by our ignorance. That creative mechanism operated by faith, comes by hearing the Rhema voice of spirit. I want to focus this part of our study on our **original brain, the brain in our heart**. The creation of our heart was the first development of our conceptual zygote cell. The very first Creator activity of our physical presence was the 'forming' of our heart. I feel there is sufficient evidence that our Heart is The Presence of God within us.

Remember these Scriptures: "**And Thou shalt love the LORD your God [Elohyim] with all your HEART, and with all your soul, and with all your might**" (Deut. 6:5). Also; "**And when He had removed him [Saul as King], He raised up unto them David to be their King; to whom also He gave testimony, and said, I have found David the *son of Jesse, a man after mine own heart, which shall fulfill all my will***" (Acts 13: 22). Then Psalms 89:20; "**I have found David my servant; with my holy oil have I anointed him.**" Psalms 89:26-27: "**He shall cry unto me, Thou *art* my Father, my God, and the rock of my salvation. Also I will make him *my* firstborn, higher than the Kings of the Earth.**"

<> I hope you realize that David already had God's heart. He was not aware at that time how to appropriate the creative power. He was one of those patriarchs who never received the promise. He could not come to perfection without Christ. Consciousness is everything. <>

******* THE HEART BRAIN... THE BRAIN IN THE HEART *******

Recently in a Bible Study group at Helen, Georgia, the subject of discussion was the brain in the heart. Norita Smith and her husband Marvin shared with the group that their daughter was born with a heart condition that eventually ended her life. The surgeon who attended the child explained to them that the first development in the cell of conception was the formation of a tubular cell that twisted into a figure eight and proceeded to develop into the four chambers, which became the child's heart. In a matter of hours the heart begins to pulsate or beat. Before there are arteries or veins, the pulsations of the heart create a frequency (which gives the zygote/embryo/fetus its individuality.) The beating heart's frequency is the first individualizing operation of our earthly presence, inside our Mother's womb. (The QXCI biofeedback system that I use identifies each person individually by the

uniqueness of their heart's frequency.) That unique individualization is the 'Work' of God. Our marvelous complex earth suit body is the **'Temple'** made without hands. **"We heard Him say, I will destroy this temple that is made with hands, and within three days I will build another made without hands"** (Mark 14:58). Our life has always belonged to God. **"In whom also you are circumcised with the circumcision made without hands, in putting off the body of the sins of the flesh by the circumcision of Christ"** (Colossians 2:11).

When our Father designed and meticulously constructed our body from the blueprint-schematic in our heart, it was designed to operate perfectly, but only as Spirit. Spirit life and flesh consciousness life are at enmity, incompatible to each other. You can readily see that it is most important to our health to conform to the likeness of Christ. Not by works of our righteous ability, but by the Spirit of God. Titus 3:5; **"Not by works of righteousness which we have done, but according to His mercy He saved us, by the washing of regeneration, and re-newing of the Holy Ghost."** Note: Regeneration and renewing is a restoring to our original state as spirit. Figuring out how to submit our dominant ego-driven physical presence to the superior spiritual life is a journey of a lifetime.

He who is least in the Kingdom of God is greater than the Levitical Priest John, the Baptist, who was born of woman. In the Spirit, with Christ, there was a place when we lived and moved before we were born of woman. We were Spirit before we were flesh. We were resurrection before we were mortal. Life in Christ is a restoration. Spirit life is actually our 'natural' life. Can you see that?

******* The Second Witness: Smith and Jones *******

Mr. and Mrs. Smith's report to the class was a personal confirmation of the information we were sharing from Dr. Caroline Leaf's book "Who Switched Off My Brain?" Her title was in reference to the brain in the heart. Her research pointed out that the intelligence of the brain in the heart was the blueprint for the ordered operation, which built the marvelous structure for us to live in: the human self-replicating body. The brain in the heart created every super genius cell and nerve and tissue and organ and gland and synaptic switch that activates the unexplainable Engineering Design, Electrical Schematic, perfectly programmed choreography and exact symphony of consciousness that becomes our life. It was all created by the Creator's Brain in the heart of man. At that point, the Heart of God and the heart of man function as One creative purpose. At that point of creativity, God and man are one. We inherited the idea of separation from God from Adam and it is our assigned experience. Emotional stress caused by Sin (separation consciousness) causes the self-replicating parts of our physical earth suit to age and break down.

Our created body is actually God's body. Our body and our life were actually His all along. Many of us were encouraged in Evangelistic invitations to give our life to God. Actually the invitation should be "to give God back the control of His life." Are you able to appreciate what Our Heavenly Father entrusted to us for the purpose of giving physical intelligent expression to His nature? In Earth life, we do not have in this separated consciousness the ability to live His life. Are you able to recognize the truth of Jesus' statement; **"Believest**

thou not that I am in the Father, and the Father in me? the words that I speak unto you I speak not of myself: but the Father that dwelleth in me, he doeth the works" (John 14:10). I believe He was identifying the Father's Presence IN His and IN our hearts.

***** **ENTRAINMENT: A HIDDEN TRUTH** *****

Some time ago we wrote about Psychologists who were successfully teaching business leaders how to control stress in their life. Their training clinics instructed the clients to pause in the midst of the stressful situation and imagine transferring the difficult condition to the brain in the heart. They called the thoughtful decision to transfer the condition 'Entrainment.' I believe the Spirit of God has opened to us a deeper, greater and more wonderful Spiritual Truth about Entrainment.

When The Spiritual Teacher (The Spirit of Truth) has opened your 'Ephesus Desire Door' (which is the order of His leading), He begins every development in your spiritual growth by creating a desire to move out of your comfort zone to go on to new Revelation; and after He has confirmed to you that Father's Own Ubiquitous Intelligence is Present in your heart, you will begin man's most exciting adventure of life. You will discover the source of the vast Working Library of Creative Art in your Heart, which is God's Kingdom. He designed a Spiritual journey from the Perfect Place of Peace in the Heart's Creative Genius by entrainment into the pre-ordained Kingdom of Peace in the right-brain. Now comes the gymnastics and the need for understanding balance: the balancing of the left-brain in unified oneness with the right-brain.

Our right-brain is gifted with creative artistic and natural musical propensities along with inventive abilities and abilities to appreciate colors in nature, and instinctive and investigative research desires and contemplative imaginations, and certain athletic co-ordinations. These attributes are natural. They are not taught, actually cannot be. I suggest to you, for your own contemplation, that these God given propensities are Entrained from the brain in the heart to be activated out of and by the equality of the right-brain. The problem for us is that Father designed the left-brain as our communication Ambassador to the 'foreign' Nation of Stress and Tribulation ruled over by the human carnal self-centered lord of pride, the EGO, man of sin. The EGO Ambassador does not know how to communicate the natural attributes of Peace and compassion and humility of the right-brain. This leaves dramatically handicapped the Heart and the right-brain 'Help-meet' instruments of Father's Kingdom, so that whatever is accomplished out of the storehouse of pre-programmed gifts in the right-brain is actually the Father's work. It is the Father in me doing the work. To remove the handicap, Jesus Christ became the serpent on the pole, the Egoic man of sin, and lifted him up on the cross and himself to die as the man of sin. **"For He [the Father] hath made Him [Christ] to be sin for us, who knew no sin; that we might be made the righteousness of God in Him"** (2nd Cor. 5:21). This statement of the Constitution removed the egoic handicap so that we, by our choice, can make the right-brain and the left -brain equal.

The genius of this story is that Christ had the Glory of The Father's Resurrection Power so that He could return from the dead and offer Himself to believers as a forgiving, humble, compassionate Head to replace the deceased and buried EGO.

We have a new identity. Now for us to live is Christ. As Psalms 82:6 foretold; **"You shall die like men and fall like one of the princes."** In Christ we kept our appointment and 'died' with the Prince of Resurrection, the younger Son of Humility, instead of identifying with the fallen ego, Lucifer the Prince of Pride. In Christ we met our appointment with death.

NOW Dear Friend, when we consider the potential powers originating and flowing out from the brain in the heart, does it not make a lot of sense to put our trust in the Father's ability, above and beyond our own, to do His good pleasure? Can you hear a new level of our hymns: "Let go, let God"? Or, "I surrender all"? Or, "Have Thine own way Lord"? Or, "Be still and know that I am God"? Doesn't this agree with the Gospel teachings of Jesus? When we consider that He built our marvelous bodies with the trillions of functional autonomic parts that operate without taking thought; should it be hard to trust Him with the living of life?

The Heart is Father's Throne.

Being in the 'right mind' of the right-brain, we are entrained to receive the Spirit's administration of gifts. With Christ ruling the left-brain, we give individual visibility to the Father as the Manifested Son. This Kingdom in our earth, will become His Kingdom on the earth.

In that pageantry we chose to give our Intuitive right-brain ONENESS equality with the left-brain; they two have become One. We learned from Dr. Jill Bolte Taylor's experience that we have the responsibility by our decision to bring the right-brain Kingdom of Peace into play with the left-brain. And when we have accepted that event as our New Birth, then it is The Father's Divine Intelligence in our heart that is Entrained in unity with the right-brain, and then the function of the educated left-brain is the translator of the Kingdom of Heaven principles into the physical carnal world. It is to our Father's Glory. Is that right? I am glad you agree. Now we can enter into His Rest and observe how He does His Work. As in the sports arena it is called "entering into the zone," the zone is a condition that occurs when the athlete feels like he is observing the game he is playing, being played without him.

"It is GOD in you who works both to will and do His good pleasure" Remember that. It is His Plan and He is the only one who knows it. We are His body and He is the only one who can keep it. It is His Life and He is the only one Who can live it.

We may have thought that we were living His plan; but we were wrong, it was Him. Jesus said to His Disciples; you may have thought you saw me heal the sick and raise the dead; but it was The Father. If you have seen me, you have seen the Father. We are One. There are not two, just One.

Our educated left-brain gives us communication with the exterior three-dimensional world. The brain in the heart entrained with our right-brain identifies us with the fourth-dimension, the quantum unified field of God's Kingdom. When we give Christ the rule of the left-brain, He will manifest the Father and His Kingdom. People of the world may not recognize you (just as they did not recognize Him after His Resurrection), because you know that what they see is the Father. Without the ego, I can tell you, you won't care.

WE ARE IN THIS WORLD, BUT WE ARE OF ANOTHER WORLD.

Our assignment is to superimpose the authority of the Kingdom of God's Word. Through our lips we superimpose God's Word's upon this physical world. Our words create Father's Plan and fulfill the first rule: "What you call it Adam, is what it will be."

***** **AQUARIUS: The man with the water pitcher.** *****

One night, a few weeks ago, I had three dreams, one following the other. They were troubling dreams, filled with accusations, criticisms, embarrassments and failures. It was an unusual night, very much out of character from the norm and opposite to what I teach. The most vivid part of my role in the dreams was my pleading to the Spirit of God for a word of encouragement; also my continual struggle in tongues. It was a very miserable nightmare of a night.

Immediately when I awoke out of the last dream, The Spirit said into my consciousness, "I will pour water on him who is thirsty, pour floods upon the dry ground." Wow, what a relief that word brought. The Spirit was still speaking to me. There is nothing to compare as hearing from The Spirit. I found the scriptures in Isaiah 44:1-3; "Yet now hear, O Jacob my servant; and Israel, whom I have chosen: Thus saith the LORD that made thee, and formed thee from the womb, which will help thee; Fear not, O Jacob, my servant; and thou, Jesurun, whom I have chosen. For I will pour water upon him that is thirsty, and floods upon the dry ground: I will pour my Spirit upon thy seed, and my blessing upon thine offspring."

The first thing that He showed me was the message is for this time. Aquarius the waterman has a place already prepared. The man with the water bottle is pouring the water. I said; "Thank you Father that I am living in this hour, in the time of the pouring of water upon my dry ground." I remembered that my friend Ray Knight had shown me that water (the Mayim) is also translated 'semen' (or seed). He had shown me that when the Spirit moved (or vibrated) upon the waters (or semen) in Genesis one, it was suggestive of a conception. It was akin to the Spirit hovering over (Pesach), the woman's house in Passover, that was suggestive also of the Spirit hovering over Mary at her conception of Christ. These three events illustrate levels of new understanding.

My thoughts were suddenly on a Mountaintop. Father, are you birthing something new in me? Is this a new plateau? Yes, I believe you are. I wanted to know, "What does the 'dry ground' represent?" I found the word in Strong's Concordance. The word "dry" is #3004, the Hebrew word '*yabbashah*', and is derived from '*yabesh*', meaning, "to be ashamed,

confused, or disappointed." Wow, did it ever fit my dream! Thank you Father for the dreams; I would probably never have researched the word **yabesh** (dry) without the shame and confusion and disappointment I struggled with in the dreams.

I will receive and believe your word of promise. You will pour water, even floods flowing like a river, upon this thirsty soul. It has been a word of encouragement. Did you notice that the promise included the name Jesurun? The word is from **Yashar**; meaning "to be straight or even and also to make right, pleasant and prosperous." Now I am even more encouraged. Father really does love His Seed, which Paul tells us is Christ.

UBIQUITOUS* *Ubiquitous* *UBIQUITOUS* *Ubiquitous

Shortly after the disturbing Aquarius dream experience, I awoke one morning with the word "ubiquitous" in my head. It would not go away. It was like a hung-up recording, playing over and over, AND OVER. The word seemed vaguely familiar; but I could not remember where or when I had heard it. After I showered and had gotten dressed, I pulled out the Webster's Dictionary, only to realize that I didn't know how to spell the word. After the process of elimination going from "Eub" to "Ub" I found "Ubiquitous." I was astounded at Webster's definition: "To be in every place, all at the same time"; 2nd definition: "Omni present."

I played with all the possibilities of personal applications; Ubiquitous is a God characteristic, and we are one with Him. As He is, so are we; Is He challenging us to go on to other horizons? Then after several days of this, one day the Spirit said to me; "Why don't you do what you usually do with words; break it down letter-by-letter and syllable-by-syllable?" Sure, why had I not thought of that already?

UBIQUITOUS... "U" represents "you" and is speaking to me. "B" or "be" is what I have accepted as my spiritual assignment: "To Be." i.e. A human Be-ing, not a human do-ing. Not to do; but to Be in Christ. "UB-IQ": I remembered that in my educational process, a person's IQ was very important. (IQ represents Intelligence Quotient.) I thought to myself; that is what I was taught in school, which represented what I could become. I could be what my IQ allowed me to be. At that moment, how grateful I was to have discovered Dr. Jill Bolte Taylor's book and to realize that my educational process was focused on my left-brain. I learned from her writings that there is much more to me than the Intelligence Quotient in my left-brain and that I could enter into a ubiquitous relationship with the Father's Intelligence already in my heart. Suddenly I discovered that there was more to "loving the Lord with all my heart" than I had ever imagined. I remembered that the teacher of spiritual truth teaches by revelation to the seekers of His Truth. Then the Spirit said, "Look at the syllable 'QUIT'!" I got the message. I was excited to realize that as a spirit person I am no longer limited by my natural, mental intelligence quotients. I became aware that there is a deeper consciousness than I had known in His Promise: "Now unto Him that is able to do exceeding abundantly above all that we **ask** or **think**, according to the power that [already] worketh in us...." The Christ Union of Resurrection Life has released us from mortal mental quotients. He has removed the boundaries and limitations. I am encouraged to be released from the limitations of my IQ.

"UBIQUITOUS", I believe, was given to me to share with the Body and to raise the bar to levels above and beyond all that I here to fore had dared to think. Will you go there with me? It appears to me that the Spirit of God is allowing us to be challenged; to see if we will submit to world tribulations, or will we press into the Quantum Kingdom where NOW is the hour and where we are One with Father.

What the Spirit seems to be saying to me at this difficult economic time is: Stop trying to find peace in the world outside of yourself. Work on discovering MY Peace, which is already established within your self.

Now listen carefully to your heart. This is a slice of the half that has never been told. God's Heart and your heart are the same Heart. The Heart is where you two are one. The Seed is the Christ (Galatians 3:16). The Christ Seed is the Potential in every person.

Jesus Christ came into this dimension to reveal to each of us the hidden Truth of the Potential in the Heart of Every Person. That Truth was the 'Heart of God' that King David sought. It was the Heart that Moses discovered when he said the word in your heart and in your mouth is the word that I teach (Deut. 30:14). But Moses realized that God would have to raise up another Prophet to teach the Truth about the Heart for them to hear that the Promised Land was within in their own Heart.

The Seed Christ is the Potential in every baby's heart. Each of us exercises the Christ Potential every time we encourage and do good to some stranger (or even a family member). The good act is like leaven; it will increase.

This Crystal River will continue to flow, God willing.

Along with Polly and Dianne, and all the good friends at Helen and Seattle, and the Encouragers at Brunswick and West Palm, and ALL you who have shared your insights; we all say an encouraging word to our friend Art: You are still King, Arthur.
