

... A continuing treatise from Rudy Jones

The Crystal River Part 16 - A continuation of "Take Heart"

I want to emphasize that nothing written in any of these Crystal River articles is intended in any way to cause anyone to sense inferiority or guilt, and certainly not condemnation. In the Spirit of our Creator Father there is no condemnation. I want to point out that our Old Testament scriptures explain, in the context of David's anointing to be King of Israel, that "the Lord [our Father] looks upon the heart [of man]" (1st Samuel 16:7). As a child and as a young man I heard that scripture taught and preached as a warning of God's all knowing judgment, but Jesus explained in John 5:22, that "the Father judgeth no man [then and now] but [He] hath committed all judgment unto the Son [then and now]." All we descendants of Adam are scripturally identified as Father's Son.

All the judgments in the Old and New Testaments were not the Father's, they came from Adam's Sons, exercising the innate power of God's Breath Covenant, which includes the spoken word. The Old Testament history reveals to us that left-brain, carnal, ego-driven man did not have, indeed could not have, the unconditional love of our Father's Heart. Jesus revealed that our heart was designed to be Father's House, and that His Kingdom operates out of our perfect heart. His own Nature and Presence and Law of Spirit Life was preprogrammed as a microchip in our heart at conception.

Bottom line: When God looks upon our heart, **He sees Himself**. In our heart we are His Mirror Image. Man looks upon the outward appearances; but God looks upon the heart. He loves others as He loves Himself. It is the Mystery of the Law of the Tabernacle Mercy Seat, the Mirror Image.

Remember as we study: What we are studying we already know. The information is hidden in the Secret Place of the human heart, which is an electromagnetic pump. Science has documented, as written in Caroline Leaf's book "Who Switched Off My Brain," that the heart produces 5,000 times more energy than the brain in our head. "God Blessed Our Heart."

Water from the Fountain Gate

"I went to the gate of the Fountain and to the Kings Pool; but there was no place for the Beast that was under me."
Nehemiah 2:14

Spiritual Implication:

At the Kings Pool (Barakah; blessing) there is no place for blessing the beastly, carnal nature. You must leave your beast.

These words are for the edification of the Spiritual Body.

A continuation of

"A Slice of The Half That Has Never Been Told"

It is recommended that you read the above introduction before reading any further.

It appears now in 2009, that our Father has positioned us to take a quantum leap into a quantum dimension, which is within our own heart. He has revealed to us that we have the ability to think with the brain in our heart and to understand that we have the ability to express the Peace of His Nature and Character, which is defined as Love.

Solomon wrote, "With all your getting wisdom get understanding." We are trusting that the Spiritual Teacher of Truth will help us understand how spiritual Truth can change our mortal bodies.

The Hebrew word 'tesla' in the Bible is translated "rib" in the Genesis account of the forming of woman (Genesis 2:22). I believe that today in the era of DNA and genetics we can better understand "rib" as an abbreviation of Ribonucleic Acid (RNA). RNA is the copying function of the DNA in our cells. In Exodus, the same Hebrew word 'tesla' is also translated "side" to identify: the sides of the Ark of the Covenant, the sides of the Tabernacle Building, and the sides of the Brass Altar. The role of the female part in each of

us is the RNA which copies the DNA, and in this mystery, God designed the female part of each of us to copy Him. In the early part of the 20th century, a man named **Tesla** introduced us to the Mystery of Electricity.

Moses and most of our ancestors never knew the Mystery of Electricity. They also did not know that our own physical body is a musical instrument of electronic harmony. Only our genetic lineage, in about the last 100 years, has known anything about the invisible frequencies named electricity. Moses, on top of Mt. Sinai, was given an unbelievably short and quick course on ways to communicate the understanding of spiritual life to a carnal people. Moses was assigned the difficult task of communicating to carnal humans the vibrational Nature of the invisible SPIRITUAL CREATOR. At the same time Moses was instructed to build a symbolic 'house' for the invisible Creator to live in. He called the house **THE TABERNACLE**. He also was entrusted with the assignment to build the Tabernacle to be a Parable, which contains the complex and intricate symbols of OUR OWN physical/spiritual body. A key element in Moses' assignment was to incorporate the Hebrew word, '*tesla*' which at that time meant nothing to the people; but in our generation, we now understand '*tesla*' to represent an understanding of the mystery of the frequencies of electricity.

The ten-word definition of the NATURE and CHARACTER of THE MOST HIGH GOD WAS INSCRIBED IN TWO TABLETS OF STONE. Moses called the Words of God's Plan the Ten Commandments. In order to communicate the Spiritual Nature of YHVH (God) to carnally minded people, Moses found it necessary to put a flesh or carnal twist to the communication. It was described as 'putting a veil (of flesh) on his face.' Israel was chosen for a special role in God's Plan, but at the time they were spiritually blind; they were carnal, mortal flesh. The Tabernacle declared a great hidden **Mystery**: GOD resides inside the human body in a secret spiritual place called The Most Holy Place of the human heart.

The Hebrew word '*tesla*' was translated "rib" and "side" in our Bible. It was not until the electrical genius Nicola Tesla was born in the late 1800's that we were introduced to a new insight into the significance of the "rib" of Adam and the "side" of the Ark of The Covenant." Both words (side and rib) were derived from the word '*tesla*.' Medical science now confirms a truth that was hidden for ages and generations: The physical Presence of GOD is manifested in our body, which is an electric.

We are now given to understand that the "rib" taken from Adam's side was actually the RIBonucleic Acid, RIB. The RNA is the reproductive copying factor of the DNA. Every cell in our body results from the ability of the feminine RNA to reproduce an exact copy of the original DNA of the conception cell. Every mankind born of woman is the perpetuation of the original process of cellular copying. And at a given point, the cells begin specializing into one of the 12 systems.

Now back to the **Tesla** Electrical Message concealed in The Mystery of the Ark (Arc). Every cell in our body is electrically connected by thousands of miles of energy carrying nerves and connective tissue. Our body is an intricate community of functioning parts,

which medically are referred to as systems. They are named bronical, vascular, digestive, neurological, elimination, muscular, immune, lymph, glandular, hormonal, etc. Each system in our body operates on its own unique electrical frequency.

Much of our knowledge about electricity was revealed to us by this man named Tesla. Do you not find it fascinating that his name was associated with special parts of the Tabernacle introduced to Moses 3,500 years ago?

Martin Luther, who was instrumental in opening the door to individual Bible study, is quoted as saying; **"The more we know about the human body, the more we will know about God; because our body was made to image Him."** In that connection, electricity and spirit are much alike in that they are energy forms that are invisible until given expressive form.

The first Biblical descriptive schematic of the human body was given to us in the Tabernacle. I imagine that the Tabernacle was the Spirit's way of trying to communicate to man's carnally controlled brain something that can only be understood by the Spirit. Why would an all knowing God give us something we cannot understand? We can understand; but only in the Spirit Mind of Christ, which is located in the heart.

To us the message of the Creator's Life Presence in the Spirit of man is clear; however, throughout the entire history of the Old Testament (over 4,000 years) mankind including Israel, worshipped a GOD who was not only separate from them; He was somewhere else and believed to be an angry punisher of those who could not possibly in their own flesh nature keep His Commandments.

Jesus said that the Father of Life is the GOD of LOVE and a patient teacher.

"I HAVE SAID, YE ARE GODS [Elohyim]. God [Elohyim] standeth in the congregation of the mighty; He judgeth among the Gods [Elohyim].... They know not, neither will they understand; they walk on in darkness: all the foundations of the Earth are out of course. I have said, ye [are] Gods and all of you [are] children of the Most High [El Elyon]. But you shall die like men, and fall like one of the Princes" (Psalm 82:1-7).

There are two Princes of the Most High. A Prince is a Son. The examples of Cain and Abel, Ishmael and Isaac, Esau and Jacob illustrate that the Father has two sons (Princes). The two Princes of the Most High are Lucifer (The King of Tyre) and Jesus Christ (the only begotten, naturally born Son). In each case of these sons, they were in opposition to each other. That tells us they represent the opposite competitive forces of **this third dimensional world**. The roles they play help us to understand that our Father designed this visible Earth or World dimension to operate in stress or tribulation. There are two forces in the world: one is the ego-driven desire to be the greatest (symbolized by Lucifer), and the other is the humble, submissive, surrendered-desire to fulfill God's Will (represented by Jesus). These two forces are still today the active energies of the three dimensional world. "Nothing has changed."

Isaiah 14:12-17; **"How art thou fallen from heaven, O Lucifer, son of the morning!"** (Lucifer means Light Bearer, which we understand from our Tabernacle study signifies that he was a type of high Priest, like the order of the Levitical Priesthood.) **"For thou hast said in thine heart, I will ascend into heaven, I will exalt my throne above the stars of God [Elohyim]: I will sit also upon the mount of the congregation, in the sides of the north: I will ascend above the heights of the clouds; I will be like the Most High [El Elyon]. Yet thou shalt be brought down to hell [the grave, mortality] to the sides of the pit. They that see thee [Lucifer] shalt narrowly look upon thee [Lucifer], and consider thee [Lucifer], [saying, is] this the man [Lucifer] that made the earth to tremble, that did shake kingdoms? [by a false authority]."** *Insight: Isaiah identifies Lucifer as an aspect of Adam, man, which is subjected to mortality.*

It will be helpful, in order to keep everything in perspective, to go back and EXAMINE the first mention in the Scriptures of the name Elohyim and the context in which it is used. In Genesis 1:1; **"In the beginning God created the heaven and the earth,"** the word 'Elohyim' is translated God. The 'im' in 'Elohyim' in Hebrew signifies plurality, so the word 'Elohyim' should have been translated **"Gods"**. Equally important is the word "beginning", which in the Hebrew is two words: 'rosh sheath', which indicates a corporate head company. My literal translation of these five words "In the Beginning God created" is: "In the Head Company Elohyim created." We can agree that Christ is the Head of the Body. I propose we are those whose life was hid with God in Christ before the foundation of the world. We are those who were 'in Christ', those who made up the Corporate Head Elohyim. We have always belonged to Him; we have always been His Inheritance.

When God breathed His Breath into Adam (according to the definition of Grace, *Chanan*), God transferred His Creative Authority to man; **"I CALL YOU GODS."** WE BECAME HIS WORD CREATORS.

In the 'parable' told by Jesus of the younger son of the rich man, who asked the Father for His Inheritance; His Inheritance were his Elohyim Body, the Body of Christ. He brought us down here to set the world free from mortality, the last enemy. We had to take on mortality in order to prove that Faith was a greater force than animal instinct. The story tells us that The Son came to Himself and returned to His Father's House. The Father said, "For this my Son, who was dead (in mortality) and is alive"(Luke 15:24). The Son revealed Resurrection Power. The Father gave the Son HIS signet ring, which signifies The Father's signature of the power of attorney; He also gave his Son a new robe (a new Body) and new sandals (a new message) the Message of Peace. When Jesus was born to Mary, He already was Resurrection Life. I am suggesting that you consider that the birth of Jesus to the Virgin Mary was HIS SECOND COMING with His Father's Power of Attorney and His New Body and His New Message. The purpose of His Second Coming was to find us, His Inheritance, His Corporate Body, who were lost in mortality and to transfer His Resurrection Power to us. This view would explain why the church is looking for a second coming when He has already come, in fact, He not only has come, He is here now. His only appearance now is the manifestation of His Life in our Body.

THE ELOHYIM WERE SELECTED AND APPOINTED TO PROCLAIM THE
MESSAGE OF RESURRECTION FREEDOM TO THE WHOLE WORLD.

His return, in the fullness of time, as the 'only begotten, Virgin Born Son' with the 'Power of Attorney of Resurrection Life' was to redeem His Body from mortality and to bring **immortality** to light. (We follow the same protocol when we receive the '*sperma rhema*' Word of God, by the ministry of the Holy Spirit, into the Virginal Womb of our mind. He came only to the lost sheep of Israel (Matt. 15: 24). Armed with Resurrection Life and a new Body, His Inheritance as the New Priesthood of a New Order, will redeem the Earth with a new message, with a new authority, and convincing evidence. Why has this not already happened? Because; everything in the Spirit works by faith based on knowledge, and we have not had the insights that are now being revealed. One part of the necessary information has already been cited from Dr. Jill Bolte Taylor's phenomenal experience, which she has so beautifully articulated in her book "My Stroke of Insight." I view her message as a New Testament Hannah preparing a New Testament Samuel.

Allow me to suggest that Israel is an individual experience of joining the potentials of the balanced left and right brain, entrained with the heart brain. Israel shall be saved in that day.

UBIQUITOUS!

I repeat the following for emphasis because it introduces our potential of being omnipresent: I AWOKE ABOUT 6:30 a.m. WITH the WORD "UBIQUITOUS" GOING THROUGH MY BRAIN. I never saw or heard that word before, and therefore did not know its meaning. It kept playing in my conscious mind like a record stuck in one groove. After I had showered and dressed, I found a Webster Dictionary. By deduction I found the correct spelling and was aghast at the definition: "To be present, everywhere, all at the same time; Omni-present."

Having contemplated the function of the right brain for months, I entertained the possibility of God having equipped us to function in Oneness with Him. The Bible states that God is Omni-present --- UBIQUITOUS! For several days I played the word over and over in my thoughts. Finally the Spirit suggested to me that I should break the word up for closer examination. That has been the way I have researched Hebrew words for years, examining each letter.

The letter "U," I thought, can represent you or me, myself. The letter "B, I concluded must represent to Be what I was created to Be. I rationalized that Christianity is about Be-ing, not so much doing; but Be-ing. The letters I.Q., made me realize that in our left-brain, educated world our potential is pretty much determined by our I.Q. I have always sought comfort in my conclusion that God teaches by revelation, and that we are not limited to our I.Q's ability. In Father's redeeming plan, we are unlimited. "Nothing shall be impossible, if thou canst believe [in our heart]."

The Spirit kept nudging me to go on into dissecting the letters "U.I.T.," and then I heard in my spirit "Q-U-I-T"... QUIT allowing your self to be influenced by the world's methods of measuring a person's worth by the I.Q. (When I was sharing this revelation at our Bible Study at the Hunt's house, Lanette shared a testimony that enforced my interpretation. The week before our meeting, a Baptist church was having Revival. A family attended that Church who had a sixteen year old daughter, who was autistic and had never spoken. At the end of the message, the Pastor gave an invitation for any one who wanted to receive Christ to come forward. The autistic girl went forward and was prayed for. To the Pastor's and the congregation's amazement the young lady responded to the Pastor's questions. The Pastor handed the girl an open Bible and asked her to read. Even though she had never spoken, she immediately began reading passages of Scripture. Later the Pastor reported that each week she is singing in the choir, articulating the words of every hymn.

The Spirit told me to continue dissecting the word "UBIQUITOUS", which brought me to the letters O.U.S. Immediately I saw the letter "O", OH, I see "US," as Unlimited Salvation. UBIQUITOUS not only declares the ability to be present anywhere and everywhere at the same time; but it also introduces the availability of His Creative Potential of Him who knows no limits to time or space.

We have heard preached for years about the unlimited potential of God; we now can discover that His potential is programmed complete already resident in our Heart entrained to our right brain. We can now fully appreciate what it means to be "in our right mind."

Just as Adam was tripped UP as a necessary rung in God's ladder into a higher dimension of Spirit; so was the Babel challenge to see if natural man could communicate God's Love in action without words.

A Fresh Look at The Revelation of Mystery Babylon

First Remember: The Bible states that in our God Covenant, we are actually giving expression to the Creative Power within us when we are giving something a name (Genesis 2:19).

Can we call Babylon GOOD? Can we change a carnal ego-driven structured event into a "for the good of all" plan? As the Body of Christ, we must call Babylon good. What we "call it" gives form to what it will be. The same energy applies when God said; **"Let there be light."** He gave form with words. We are His Word. We give form by what we call anything. **"I form the light, and create darkness: I make peace, and create evil: I the LORD do all these [things]"** (Isaiah 45:7).

The first 'rule' established in Genesis: "Adam; what you call it, is what it will be" (Genesis 2:19) *crj*. In Christ, our mission assignment on earth is to stop allowing history to repeat itself in destructive forms. We can do this by superimposing order upon disorder; this is what Christ did.

That first rule has never changed; however in the New Testament, the rule is identified and clarified and directed to 'those living the law of life without condemnation in the Spirit of

Christ' (Romans 8:1). It is explained as the **"Law of Spirit Life in Christ Jesus."** That means the Spirit Life of Christ in you is reckoned as the same as the physical body of Christ. **"As he is so are you in this world"** (1 John 4:17). **"... The works that I do shall he do also; and greater [works] than these shall he do"** (John 14:12). It is now my consciousness that 'the Christ Spirit and the human spirit are the same Spirit'; but until a person is consciously aware that "Christ IS their life," they will think of themselves as only human, less than Christ, and a 'lost,' separated from God carnal human.

REMEMBER: The natural senses are given to us that we may learn spiritual applications. 'First the natural, then the spiritual' (1st Corinthians 15:46).

The word Babylon is spoken of hundreds of times in the Scriptures as a geographical country. Nimrod, a descendant of Noah's son Ham, is identified as the first King. Terah, the father of Abram (Abraham) was an Officer in Nimrod's Government when Abram was born. The word Babylon means confusion, and is the 'geographical' setting for much Scriptural history in Isaiah, Jeremiah and Daniel's time concerning Judah's servitude prior to the birth of Jesus. About the same time, the other 10 Tribes of Israel were prisoners in Assyria. Key figures in Judah's story were Kings Nebuchadnezzar, Belshazzar and Darius. Also featured players are the young Judeans: Daniel, Shadrach, Meshach and Abednego, and the context also mentions 'Watchers' and 'Living Creatures' (beasts).

*Biblical Babylon was the geographical location that is Iraq today. It is interesting that Saddam Hussein believed that he was the reincarnation of Nimrod. Babylon is spoken of in The Book of Revelation as a Mystery. *REMEMBER: You can 'remember' the principles of what I am talking about. This information is recorded in the Spirit of your Heart brain. The written Word is just a second witness to what is in your heart.*

Our main interest in this discussion is not in the geographic Kingdoms in the Bible; nor is our main interest in the national physical history of a people called Israel. They, nor any of the Canaanite nations, were circumcised in their heart brain. They were not spiritual Israel. Our interest is in the spiritual implications and applications for the operation of the potential of God's Kingdom in the heart of each individual, in each person's spirit. Again; our main interest is how the scriptures help us find application within our own life. Covenant Life is defined as Salvation, and Life concerns our individual life within. Our Spirit Life is in the Mystery of the GOD connection through His Breath.

Breath and Spirit come from the same Hebrew thought. HE breathed into us (the Adam with form) the 'Breath' of Life (the Spirit of Life), and we became a living soul. HIS first and most basic Covenant with mankind was by His Breath and was God's way of making Himself the Life of every breathing person. Breath is the Presence of God. His Breath is Eternal Life. Christ is Life Eternal.

The same applies to breathing animals. God's Presence is in them. They were created to play a God role in the operation of God's Purpose for the Earth; but they are locked into living their lives by genetic instinct. But we were elevated in Adam to function by a new form of life called in the Bible 'faith'; a function of free will. Think about it. Remember; He breathed HIMSELF INTO US, AS SOUL LIFE. Soul life was complete, in Him. The Bible reveals that we were subjected to the lie. The lie was that we were not in Him. In the Bible stories there were millions of people involved as the participants, making up the pageants; but not more than a dozen or so leading players; or 'stars' are given name identity (like Abraham, Sarah, Miriam, Moses, Aaron, David, Solomon, Daniel, etc.). Have you ever been confused by all the stories? And, wondered how

those individuals relate to me? Where are we, the average, everyday people? The stories are told so that we can discover the personal God relationships, identities, and find applications in our own everyday life. Having a name is one of the rewards of our earth experience. It is your name that gives you individuality. As a Spirit without a name you are just energy without personality. Once we have a name we have individuality forever and ever. We can make it as one of 'the stars.' My definition of Church 'Eklessia' is; "To be called by name from the origin of life. Before I formed you in the belly, I knew you; and before you came out of the womb I sanctified thee, and I ordained you a prophet, and I individualized that each of us is a prophet to the 'natural ions of our body'"(crj). Your trillions of cells are each a complete intelligent entity and are programmed to function as unified systems, all in obedience to your own voice. I hope you haven't given your authority to some 'man'; if you have, reclaim it in your Christ Anointing, as your own responsibility.

He not only breathed His Breath into our nostrils (which gave us passion for life); He wrote His Law of Spirit Life, into the brain in our heart. The Law of God is the Law of Spirit Life. And His Spirit Law gave us a perfect heart. Jesus Christ, the I AM of who you are said; "Blessed are the PURE in heart, they shall see God." I paraphrase; Blessed are those who discover the PURE heart of God, in your own heart; they shall be able to say, "I see! I was blind, but I 'see'." What a wonderful promise. Isn't that preferred to, "If you don't get saved; you are going to burn in hell"? Of course!

The third dimension in which we live is a place of confusion, tribulation and stress; it is the Mystery of Babylon; but God calls it good. For He so loves this dimension of tribulation because it is the designed place where He can become visible in our humanity. The exterior world of Babylon is a part of Plan A. Plan A is necessary for God's Spiritual Plan to be given form. The outside (the five sense realm and the inside Spirit realm) are opposing forces which create stress. (The Spirit and the flesh are at enmity). Until we understand that God's Kingdom Life and His Presence is a personal, inside, one day at a time, spiritual work; it appears as Babylon. It is the Cosmos of opposing energies (positive versus negative, good versus evil, etc.) that the Gospel writers said that God Loves. **He loves it because opposing energies create the basis for a spirit to have form. It is the secret of Physics.**

The push and pull of dual forces in this dimension, we have learned, is necessary to give 'living' form to spirit. The Bible indicates that the purpose of our presence in earth is to give visibility to the Invisible Spirit of God. If we personally identify with the names and actions and situations of the 'stars' or 'heroes' in the scriptures, we can discover in the Bible our Spiritual relationships to God and His Plan by relating to those characters. It is the honor of servant kings to search out these matters (Proverbs 2). We all have, and can experience the same source of Life referenced in the Bible stories of the 'stars'. We are all living the same Creator's Life. We all live by His Breath. We all are Spirit. Very, very few know that their Spirit Breath in their body is God's Presence, but it is (John 1:12-16).

In The Revelation of the quality of life portrayed in the life of Jesus Christ, Mystery Babylon generally taught as man's worst enemy. I am suggesting that an enemy provides you an opportunity to demonstrate the overcoming power of love. The Greek word 'Revelation' is the word 'Apokaluptos' and it means to 'uncover or to remove the veil.' We are talking about uncovering the Mystery of Babylon as it relates to uncovering the role Babylon played in the Christ Life of Jesus.

The words Mystery Babylon and Apokalupto used most often in preaching, conjure up and imply dire circumstances of "the great tribulation." Let's look at the word 'Babel' the root form of Babylon, in its original context; Genesis 11:1, "And the whole earth was of one language." In Genesis 11:7, The LORD YHVH said, "Go to, let us go 'down,' and there confound their language, that they may not understand one another's speech." Remember: We were given the Creator's Power to give form by using words. The place

or event was named Babel, the root word of a geographical place; Babylon. The event in the Bible, introduced and uncovered the plan of The Creator to begin a program for individualizing man's language. His plan, we understand from 'the rest of the story' even then, was for us to be the individual expression of His Creative Word. He progressed His Plan from the families at Babel, onto the Nations each with their own languages, and eventually to the New Covenant when the individual is revealed as God's Word expression. Jesus taught that Father's Government or Kingdom was within each individual, and each of us (as a gift of and in the Spirit) has our own language. God actually designed a condition in which man, in his human condition, actually does create his own life by the words he speaks.

Question? Thought Provoker: Have you thought about how God, the God of Order Who changes not, can create and use in His Plan what seemed to be confused disorder, to bring about a higher order? Think about it.

Answer: It was the knowledge of the Creator to form a dimension of opposites that resulted in stressful disorder. HE knew what is necessary to create the setting for a higher order of visible life with form. Without the disordered stress there would be no form. God loved this world (cosmos) of disorder and chaos. He wanted to develop a people of individuals who could and would give HIM visible form. The stress created by the push and pull of good and evil, positive and negative, gives form in the world God loves. The stress is necessary for Spirit to become visible. When He allows us to experience unusual stress, Remember that it is an opportunity for Him to become visible in an empowered and enlightened people who manifest spiritual order, and to remind us that this is not the realm we are of.

What a wonder.

He knew that stress was necessary to produce form. Spirit is invisible and this three dimensional world was designed to create form by using stress or tribulation. (In this world you will have stress.) Every action in this dimension has an opposing reaction; like positive always has a negative and creates competition; but competitive stress is only in the three dimensional world which is designed to give form to invisible Spirit. Order comes out of disorder. Life comes out of the dimension of death. There is no stress or disorder in the Quantum unified dimension of our Kingdom of God within us. There is no visible form there. This dimension was designed and created and we were uniquely designed and placed here to give visible form to Spirit. We are equipped to 'live' in both worlds.

This dimension was created to give visibility to God. His ingenious plan provides for us to be in this 'form' world of tribulation; but not OF it. Man was formed of the earth to give visible form to invisible spirit life. The Life of the anointed (Christed) Spirit's country is of the Quantum Unified Dimension.

We have the 'anointed authority' in our Christ Life (not of this world) to call something in this realm of disorder good when in this dimension it doesn't appear *good* to the natural sense.

The LORD said, "**I form light, and create darkness**" (Is. 45:7). "**And darkness [was] upon the face of the deep**" (Gen. 1:2). Darkness was part of His plan. Man was formed to give form.

I propose that the development of confusing the languages at Babel was not a surprise to our LORD Yehvah Elohyim. The confusing of language was part of HIS Plan. Confusion was the first step in individualizing and personalizing Himself as Divine Order.

There was then and there is today only one LIFE, there is only ONE God. He is the Origin of ALL Life. We are ALL living 'His Life.' He is Spirit, we are what He is, Spirit. He created this dimension of stress to give us form. The total or full gospel clearly indicates that HIS Plan was to individualize Himself in our visible form. In the Dimension of God (the Quantum Dimension); everything -- including Himself -- is unified; One Spirit. Jesus elevated our consciousness to an individual personalized expressive relationship with the Father of Lights. HIS Kingdom is within each person. He showed us the progression: from one world with one language; to one nation each with it's own language; onto each individual person, in Christ, having his or her own spiritual intimate language with The Father; to say only those things we hear the Father say. That is the one language.

"Then he [the angel] answered and spake unto me, saying, This [is] the word of the LORD unto Zerubbabel, saying, Not by might, nor by power, but by my spirit, saith the LORD of hosts. Who [art] thou, O great mountain? before Zerubbabel [thou shalt become] a plain: and he shall bring forth the headstone [thereof with] shoutings, [crying], Grace, grace unto it. Moreover the word of the LORD came unto me, saying, The hands of Zerubbabel have laid the foundation of this house; his hands shall also finish it; and thou shalt know that the LORD of hosts hath sent me unto you (Zechariah 4:6-9). You cannot call Babylon good until you have the complete equation. All things work together for good to them who are the called. We are called to search out a matter. Whatever we call something is what whatever is. Think about it Zerubbabel who said; **"Not by might, nor by power; but by my Spirit, saith the LORD of hosts." Zerubbabel's message laid the Cornerstone of God's House crying Grace, Grace to it. Christ (the Anointed Life of Father) is The Stone of Father's Spiritual House. Zerubbabel means to flow out of Babel; or to bring order out of confusion. *crj*. That is what I want to do, for the glory of God. In this world there will be confusion; but we are not OF this world. In our Kingdom, in Quantum, there is order. HE open us (the windows of Heaven) and pour us out as a Peace offering, a blessing to the world.**

In the equation of love, Babylon shows us that carnal greed must be eliminated. Once again, our world is in confusion in Babylon, which is physical Iraq. Can we call Babylon good? Someone must.

This Crystal River will continue to flow, God willing.

Along with Polly and Dianne, we send you an encouraging word.

For interactive comments and suggestions, I encourage you to write or call.
